A Tradition of Service

PURPOSE /JUSTIFICATION OF RECOMMENDED ACTION

The purpose of this agreement is to provide the City of Compton with municipal law enforcement services within said city.

The contract extension continues to provide that the Auditor-Controller shall determine the change in rates annually based upon state law and based on the policies and procedures adopted by your Board.

Approval of this contract extension will permit the Sheriff's Department to continue to provide general law enforcement services to this city, which has requested such services through their city Resolution Number 21,235, a copy of which is attached to this letter. Negotiations will continue during this extension period to address those concerns and issues brought forth by the City, which have delayed the completion of a five (5) year agreement.

IMPLEMENTATION OF STRATEGIC GOALS

This recommended action conforms with Los Angeles County's Strategic Plan, Goal 2: Workforce Excellence, by enhancing the quality and productivity of service through law enforcement efforts of protecting the community. This action also conforms to Goal 4: Fiscal Responsibility, by strengthening the County's fiscal capacity through additional resources acquired from these agreements.

As part of the Board's commitment to the County of Los Angeles, your approval of the recommended action would enhance Los Angeles County's Strategic Plan, Goal 8: Public Safety, by maintaining a law enforcement presence in this contract city. The Sheriff's Department can facilitate a more rapid and organized deployment of safety personnel to all segments of the County in situations of terrorism.

FISCAL IMPACT / FINANCING

None. The City of Compton shall pay the Sheriff's Department for the said services in their Agreement according to the appropriate and prevailing billing rates as determined by the Auditor-Controller each fiscal year. The contract city rates are calculated by the Auditor-Controller, pursuant to the requirements of Section 51350, California Government Code, and the policies and procedures adopted by your Board. The estimated revenue of this contract extension will amount to approximately \$5,047,000, including liability.

FACTS AND PROVISIONS

The City of Compton desires to obtain the services of general law enforcement within the said city limits. The term of the contract extension is for a five (5) month period.

This agreement has been approved as to form by County Counsel.

The attached contract analysis is in accordance with the Board of Supervisor's Policy Number 5.045, Law Enforcement Services Contracts Review, and has been approved by both the Auditor-Controller and Chief Administrative Offices.

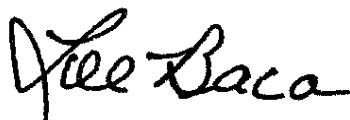

IMPACT ON CURRENT SERVICES

This contract extension serves to improve the quality of law enforcement services and public safety to the City of Compton and the adjacent unincorporated areas of Los Angeles County. Both the County of Los Angeles and the City of Compton benefit from the synergistic effects and the utilization of County resources in the most efficient manner.

CONCLUSION

The Sheriff's Department's Contract Cities Program has provided benefits to both the Sheriff and the County as a whole. Primarily, the Program has provided the opportunity to build new Sheriff's stations in strategic locations throughout the County, resulting in greater visibility and faster response times to the unincorporated areas. In addition, the Contract Cities Program has allowed the Sheriff to increase personnel and resources, which benefits both the unincorporated and contract city areas without impacting the County Budget. This has further enhanced the Sheriff's ability to deploy personnel and other resources during times of mutual aid, disasters, and emergencies. The Sheriff has also been able to expand partnerships, provide greater responsiveness, and increase regional focus on reducing crime as a result of serving contract cities within the county.

Respectfully submitted,
